AvaAluminum 60 Entry Door

A single-leaf aluminum entry door on a thermally broken profile, opening inward or outward, with 3-point locking and color-matched cylindrical hinges. It takes glass or aluminum ornamental panels up to 1-1/2" and comes with a 5-year warranty.

PERFORMANCE

Thermal insulation	**U-factor 0.26**
Sound insulation	**34 dB**
Security	**3-point locking; extra security hardware, more locking points or alarm sensors can be added**
Weather sealing	**Thermally broken profile with good wind resistance, air permeability and watertightness (no test classes stated)**

TECHNICAL DATA

Profile	**2-3/8" aluminum profile with thermal break**
Insulation properties	**Good wind resistance, air permeability and sealing**
Max leaf size	**51-3/16" x 104-5/16"**
Opening	**Inward or outward**
Glass	**1 or 2 panes, max 1-1/2" thick**
Panels	**Aluminum ornamental panels, max 1-1/2" thick**
Glazing beads	**Aluminum**
Gaskets	**2**
Locking	**3-point locking**

Hinges	**Cylindrical hinges, matched to the door color**
Security upgrades	**Optional extra security hardware, more locking points or alarm sensors**
Warranty	**5 years**
Recyclability	**Recyclable**

OPENING TYPES

- Single leaf
- Side-hung (turn)
- Inward opening
- Outward opening

OPTIONS

- **Glass**: Anti-burglary, tempered, and a range of frosted and decorative glass.
