AvaPremium

A seven-chamber uPVC window with triple glazing as standard, for high thermal insulation.

PERFORMANCE

U-factor	**0.13 Btu/h·ft²·°F**
Acoustic insulation	**Rw up to 47 dB**
Burglar resistance	**up to RC2**

TECHNICAL DATA

Profile depth	**3-7/16"**
Chambers	**7**
Seals	**Center seal, 3+1 gaskets under the glass unit, gray or black**
Glazing	**Triple or special glass, up to 2-1/16"**
Max. sash size	**39-3/8" x 98-7/16"**
Reinforcement	**Special reinforcement in the profile for heavy glass**
Glass spacer	**Warm-edge**
Hinges	**Hidden as standard, classic hinges optional**
Passive house	**Profile meets passive house standards**
Warranty	**10 years**
Recyclability	**Recyclable**

OPENING TYPES

- Tilt & turn
- Side-hung (turn)
- Bottom-hung (tilt)

OPTIONS

- **Seven chambers, 3-7/16" deep**: A seven-chamber uPVC profile, 3-7/16" deep, with an extra center gasket for thermal insulation.
- **Triple glazing as standard**: Three sheets of glass, 2-1/16" thick, carried by a special reinforcement in the profile.
- **More glass, more light**: The frame can sit inside the wall opening, so you get more glass and a clean facade.
